Candidate for 2011-12 RSBITE Secretary/Treasurer

Jonathan Hofert

Thank you for the opportunity to run for the Secretary/Treasurer position of the Riverside San Bernardino Section of ITE (RSBITE).

I am currently a Design Engineer for RBF Consulting in the Transportation Engineering department. I have experience in working on projects in the fields of traffic engineering, municipal engineering, intelligent transportation systems, transportation planning and construction management. Prior to working full time at RBF I worked as a Traffic Engineering Intern for the City of Corona during my undergraduate studies.

I graduated from Cal Poly Pomona with my undergraduate and graduate degrees in 2007 and 2011, respectively. I started my membership with ITE when I was a student at Cal Poly and eager to continue to be part of this great organization. I have been a loyal member since 2007 and I look forward to the opportunity to serve as your Secretary/ Treasurer. I want to help ensure this organization develops to its fullest potential and remains coordinated for generations to follow.
