

**Institute of Transportation Engineers
Western District**

2010 Mentoring Program

ITE Western District Mentoring Program is looking for professionals and students to be part of the 2009 Program. The Mentoring Program is an informal, one-on-one program dedicating to building long-term relationships while furthering your personal growth and career development.

ITE's value to the community depends on the talent and motivation of our members. The Mentoring Program matches the learning and development goals of the mentee with the mentor's experience and ITE's professional development.

For more information, please contact: Patricia Camacho de Cano, ITE Western District Career Guidance Chair at mpc@dksassociates.com or via telephone at 510.267.6602.
