LEGISLATIVE ACTIVITIES
No activities accomplished during this reporting period.

TECHNICAL ACTIVITIES

PROJECT # 1: RIGHT TURN ARROW ANALYSIS:

Purpose: Analyze the advantages and disadvantages of exclusive right-turn arrow overlap phases for existing right-turn lanes at existing signalized intersections, and compare measured delay to estimated delay. The project leader was Paul Basha.

Results: The field data collection was finished; however, the final report was never completed. Initial findings were presented at the “Spring Conference Technical Committee Session”.

PROJECT # 2: GUIDELINES FOR SIGNING AND MARKING OF NON 15 MPH SCHOOL ZONES:

Purpose: The purpose of this project was to document “Best Practices” in Arizona for non-15 mph School Zones. The project leaders were Debbie Albert and Jennifer Bohac. A questionnaire was developed and distributed to 19 different public agencies throughout the state. The best practices information will be helpful in developing “Safe Routes to School” programs and developing some consistency for non-15 mph school zone treatments amongst agencies.

Results: (19) public agencies were invited to take the survey through Zommerang and (10) responded. There was a good representation of large and small agencies. The results were presented at the “Spring Conference Technical Committee Session”.

PROJECT # 3: ACCESSIBLE PEDESTRIAN SIGNALS:

Purpose: The purpose of this project was to document “Best Practices” in the use and installation of accessible pedestrian signal (APS) push buttons for low vision users throughout the nation and provide guidance for local agencies and design engineers on their installation.

Results: A summary and demonstration of APS installation and design was presented at the “Spring Conference Technical Committee Session”.

PROJECT # 4: SPRING CONFERENCE TECHNICAL COMMITTEE SESSION:

Purpose: Jennifer Bohac led an effort to sponsor a Technical Committee Session for the ITE/IMSA Spring Conference. The Technical Committee conducted the following session: Accessible Signal Design, Analysis of Right-Turn Arrow Operation, and Sign and Stripe of Non-15 mph School Zones.

PROJECT # 5: SUMMER WEBINAR:

Purpose: An ITE webinar “Coordinating, Planning and Managing the Effects of Roadway Construction with ITS Technologies” was held at MCDOT on July 23, 2009. There were 30 in attendance.
PROJECT # 6: ADA ISSUES IN PUBLIC RIGHT-OF-WAY:

Purpose: The purpose of this project was to have an expert in ADA guidance and requirements come and present to our ITE engineering membership about the importance of ADA integration in public works right-of-way projects and answer specific questions about when things are required.

Results: Denise Labrecque, ADA Coordinator for the City of Scottsdale, presented at the June 25, 2009 luncheon.

MEETINGS HELD DURING THIS REPORTING PERIOD

Date: January 22, 2009  
Speaker: Erin Seibel with Metro Light Rail  
Topic: Light Rail Update  
Location: Garden Inn Phoenix

Date: February 26, 2009  
Speaker: Eric Anderson, M.A.G. Transportation Director  
Topic: Update on the Federal Economic Stimulus Package and Implications to Arizona Transportation  
Location: Monti’s La Casa Vieja – Tempe

Date: March 4 and 5, 2009  
Topic: Annual ITE/IMSA Spring Conference  
Location: Black Canyon Conference Center

Date: April 23, 2009  
Speaker: ASU Transportation Engineering Faculty, Monica Suter, ITE Western District President  
Topic: A Showcase of ASU Transportation Research and Education, Getting to Yes  
Location: Alumni Lounge, ASU Tempe Memorial Union

Date: May 28, 2009  
Speaker: Sarath Joshua, PE, Ph. D, ITS & Safety Program Manager from MAG  
Topic: An Overview of the Regional ITS Architecture and Its Role in Planning, Designing, Building & Operating Transportation Systems  
Location: Scottsdale Stadium Team Shop

Date: June 25, 2009  
Speaker: Denise Labrecque, City of Scottsdale  
Topic: Accessible Design Considerations  
Location: Aunt Chilada’s, Phoenix, Arizona
Date: August 6, 2009  
Topic: Annual Board Meeting  
Location: City of Scottsdale

Date: September 24, 2009  
Speaker: AZ ITE Board, Michael Sanderson – Western District President  
Topic: Project Updates from our Membership, Western District Update  
Location: Monti’s La Casa Vieja, Tempe, Arizona

Date: October 16, 2009  
Speaker: Kevin Lee, Kittelson & Associates  
Location: University of Arizona - Tucson

Date: November 19, 2009  
Speaker: Dan Marum, Wilson & Company  
Topic: Arizona Parkway Intersection/Interchange Operational Analysis and Design Concept Study  
Location: Stonecreek Golf Club - Phoenix

Date: December 8, 2009  
Topic: ASPE/ITE Holiday Party  
Location: University Club, Phoenix, Arizona
WORKSHOPS HELD DURING THIS REPORTING PERIOD

No activities accomplished during this reporting period.

STUDENT CHAPTER ACTIVITIES HELD DURING THIS REPORTING PERIOD

ASU STUDENT CHAPTER ACTIVITIES:

2009 began with seed monies generously donated by the Arizona Section of ITE. These funds helped ITE students travel to the Western ITE Annual Meeting in Denver, Colorado in July by providing for operating costs to run various fund raising events.

The student chapter held a total of seven meetings and hosted three guest lectures. In addition, the students also hosted several webinars on campus as fund raising events that contributed to the general fund.

The students prepared several data collection proposals and collected 12-hour pedestrian counts at the intersection of Mill Avenue and University Drive.

At the end of 2009, the ASU-ITE Student Chapter boasted 23 members on its roster.

The Arizona Section of ITE held their joint meeting with ASU in April 2009, and held their joint meeting with the University of Arizona in October 2009.

UNIVERSITY OF ARIZONA STUDENT CHAPTER ACTIVITIES:

The student chapter had a total of 17 student chapter meetings, including 8 with guest speakers from the transportation engineering and planning community in Tucson. The student chapter also participated as volunteers in the annual bike count conducted by the Pima Association of Governments. In addition, the chapter assisted in collecting data for a “Safe Routes to School” evaluation being conducted by the Pima County Department of Transportation, through a local consultant.

The student chapter had a total of 24 members at the conclusion of 2009.

AWARDS PRESENTED DURING THIS REPORTING PERIOD

Our past President, Paul Porell, received the Past President’s Appreciation Award.

Kim Carroll received Arizona ITE’s Distinguished Member of the Year Award.

ITE/IMSA 2009 Conference Graduate Student Paper winner was Sravani Vadlamani. She was presented a check for $1,000.

ACTIVE MEMBER GROUP (AMG)

JANUARY

AMG formed a judging panel to score the physical models for the Future City Competition. The award was for the ITE sponsored Best Multi-Modal City. The winning student team was presented an award on January 24th. Chris Williams, Scott Tezek, Bill Glickman, and Randy Dunsey volunteered to participate on the judging panel.
FEBRUARY
ITE sponsored a team to compete in the CANstruction competition on February 13th 2009. The team included Randy Dunsey, Eric Maceyko, Andrew Stastny, Kate Bondy, and James Schleich from AMG. The team constructed a model of the Valley Metro light rail car and had the ITE logo incorporated as well. The team proudly won Best in Show in the competition. All of the cans from the event were donated to St. Mary’s Food Bank.

On February 21st, Karen King, Chris Williams, Bill Glickman, and Randy Dunsey volunteered to set up a booth at the Arizona Science Center for E-Day. The group spent the day talking with the students and providing fun activities for the kids.

MAY
A dinner was held at the Ronald McDonald House on May 15th and was prepared by AMG and members from ASCE’s Younger Members Forum (YMF). Randy Dunsey, Jessica Belowich, and Eric Maceyko from AMG helped cook the meal.

JUNE
To kick off the summer, AMG and YMF faced off in a fun game of Broomball on June 12th. The team for AMG included Randy Dunsey, Scott Tezek, Eric Maceyko, Andrew Stastny, Chris Williams, Victor Neufeld, and David Riley. We are happy to say that the AMG team won and that everyone had a fun time.

The Active Member Group takes a break during the summer months and begins meeting again in the early fall. From September to December is spent planning and organizing for the upcoming events.
